(5) The Chief Electrical Engineer is not one of those mentioned in Rule V of the Clothing Rules. Though for administrative purposes it is found necessary to delegate the powers of a Chief Engineer to the Chief Electrical Engineer that does not ipso facto make him a Chief Engineer.

The comparison is not fair. ofs

(6) Several other officers such as A/C Chemist, Director of Meteorology, Regr of Co-operative Societies &c who are really Controlling Officers of Departments have been deliberately excluded from the list and it is not clear why the Chief Electrical Engineer who occupies an analogous position alone must be treated likewise.

(7) It does not seem necessary to multiply cases of issues of clothing any further as the request may therefore be declined.

(8) As provided in Appendix B Rule

(2) The Electrical Dept is an important branch of the P.W. section of Govt & cannot fairly be compared with the Director of Meteorology & Registrar of Co-operative Societies. It is however a new department & if it is not expedient to increase expenditure at present the sanction asked for may be declined.

16 The Chief Electrical Engr. in his letter no 1122 of 29.3.11 to the P.W. Secy. ~~has~~ asked for sanction to the issue of a laced belt already supplied at a cost of Rs 11.8.0 & the request was supported by the P.W. Secy. (vide his u.o. note no 167 of 26.4.11); and in para 4 of this office note of 9.5.11 it was suggested that the expr might be sanctioned pending final decision regarding the supply of belts to mericals of all depts in General. The Ist Councillor, however, is ~~against it~~ not in favour of sanctioning the issue of laced belts; and the G.O. to be issued ~~under~~ is silent on this point. Orders are therefore solicited as to whether the ~~same~~ Dft may be issued as it is or any addn made to it re belts.
